

**Francielle Vargas**

CONTACT INFORMATION	São Carlos, São Paulo, Brazil (+55 31) 99968-5891 francielleavargas@usp.br
EDUCATION	<b>University of São Paulo</b> Ph.D. Candidate in Computer Science, 2019-2024.  <b>University of São Paulo</b> M.S. in Computer Science, 2015-2017  <b>Federal University of Minas Gerais</b> B.A. in Linguistics  <b>Pontifical Catholic University of Minas Gerais</b> B.S. in Information Systems
INVITED SPEAKER	<a href="#">Conference on Harmful Online Communication (CHOC 2023)</a> <b>Leibniz Institute for the Social Sciences (GESIS)</b> , Cologne, Germany.
HONORS AND AWARDS	2024: Google Latin America Research Award 2024: NAACL Diversity and Inclusion Award
PUBLICATIONS	<a href="https://franciellevargas.github.io/">https://franciellevargas.github.io/</a>
ORGANIZING AND PROGRAM COMMITTEES	<a href="https://franciellevargas.github.io/">https://franciellevargas.github.io/</a>
EXPERIENCE	<b>Research experience</b> 2024/2024: Visiting Researcher, University of Southern California, United States. 2015/2023: Graduate Researcher, University of São Paulo, Brazil. 2011/2014: Undergraduate Researcher, Federal University of Minas Gerais, Brazil.  <b>Teaching experience</b> SCC5809: Neural Networks and Deep Learning University of São Paulo, 2021. <a href="#">see</a> SCC0605: Theory of Computation and Compilers, University of São Paulo, 2020. <a href="#">see</a> SCC0227: Computation Topics Seminars, University of São Paulo, 2016. <a href="#">see</a>  <b>Industry experience</b> 2024/2024: Research Fellow, Google 2021/2023: Research Fellow, Sinch 2021/2022: Data Scientist, Cisco Webex 2014/2015: System Analyst, Unisys
CONFERENCE PARTICIPATION	NAACL 2024. to appear RANLP 2023. <a href="#">see</a> ACL 2023. <a href="#">see</a> LREC 2022. <a href="#">see</a> RANLP 2021. <a href="#">see</a> ICWSM 2021. <a href="#">see</a> ACL 2020. <a href="#">see</a> EMNLP 2020. <a href="#">see</a> LREC 2020. <a href="#">see</a>

SUMMER SCHOOLS / COURSES	<p>2023: 2nd Summer School on Deep Learning in NLP, RANLP, Bulgaria. <a href="#">see</a></p> <p>2022: 2nd Advanced NLP School, Université Grenoble Alpes, France. <a href="#">see</a></p> <p>2021: 4th Advanced School in Big Data Analysis, University of São Paulo, Brazil. <a href="#">see</a></p> <p>2020: 10th Lisbon Machine Learning School, INESC, Portugal. <a href="#">see</a></p> <p>2020: Antisemitism on Social Media Datathon and Hackathon, Indiana University, USA. <a href="#">see</a></p> <p>2023: IEEE Spoken Language Technology Hackathon, Doha, Qatar. <a href="#">see</a></p>
COURSES	<p>2014-2020: Software Engineering (MBA). 360h. PUCMinas, Brazil. <a href="#">see</a></p>
UNREGISTERED COMPUTER PROGRAMS	<p><a href="#">OPCluster</a>: Automatic extraction and clustering of fine-grained opinions.</p> <p><a href="#">NoHateBrazil</a>: A Brazilian Portuguese text offensiveness analysis system.</p> <p><a href="#">FACTual</a>: Automated fact-checking and news credibility verification.</p>
DATA RESOURCES	<p><a href="#">FactNews</a>: Sentence-level annotated dataset to predict factuality and media bias.</p> <p><a href="#">HateBR</a>: Large-scale abusive language dataset of Brazilian Instagram comments.</p> <p><a href="#">HausaHate</a>: A hate speech dataset of Facebook comments for the Hausa language.</p> <p><a href="#">OPCovidBR</a>: Aspect-based sentiment analysis dataset of Covid-19 Tweets.</p> <p><a href="#">AspectPRO</a>: Aspect-based annotated dataset of web consumer reviews.</p> <p><a href="#">Deceiver</a>: Multilingual discourse-annotated dataset of fake and true news.</p> <p><a href="#">PRO</a>: Taxonomies for aspect-based sentiment analysis in Portuguese.</p> <p><a href="#">MOL</a>: Multilingual offensive lexicon.</p>
LANGUAGES	<p>Portuguese: Native.</p> <p>English: Advanced.</p>
PROGRAMMING LANGUAGES	<p>Python, Sql, Owl, Rdf(s), Sparql, Unix/Bash</p>
